

Recruitment

The UK's first recruitment centre dedicated to disadvantaged young people and adults, a not-for-profit social enterprise

Work Experience OPPORTUNITIES

Work experience exists to help employers upskill their organisation and help young people make the important transition into paid employment.

For young people it can be difficult to understand the importance of getting work experience.

Qualifications alone can't always help you get that job, but work experience can.

www.ay-recruitment.com

Any work experience can add value to a young person's CV and help them move into the labour market.

We want to inspire young people to take control of their futures and seize the chance to demonstrate all the skills employers value.

Our work placements are for young people 16-18 year olds and to develop skills for the workplace.

Duration:

- 26 weeks, 16 hours/week

Travel expenses:

- £ 25/week

Work placement opportunities:

- Office Administrator
- Social Media and Marketing
